## ROAD RANGER®

The Road Ranger brand was established in the 1970s. At that time, we were the first and only company in Europe manufacturing hardtops for pickups and camping hardtops for open-platform cars. Rather than manual lamination, the Resin Transfer Molding (RTM) light technology, i.e. vacuum moulding, is increasingly used in production.

The Road Ranger brand consists of a group of companies known as Dr. Höhn Group, which includes the following:

- Dr. Höhn GmbH based in Ingelfingen, Germany – sales to Western European markets;
- Dr Höhn Sp. z o.o. – factory manufacturing Road Ranger products located in Ostroda, Poland;
- MKT Car Technik Sp. z o.o. based in Ostroda, Poland – sales to other markets.

## EXTRAS AVAILABLE BY HARDTOP ORDERING:

- » Solid rear door (unglazed)
- » Sliding roof bars
- » ABS roof vent
- » LED workinglight
- » Roof reinforcement
- » Colour-matched side flaps

Sliding roof bars

ABS roof vent

LED workinglight

## HARDTOP FO DC RH04 IF S N LAK (STANDARD)

Premium Hardtop in Standard version, i.e. with solid side panels.

**Features:** cab high, glazed rear door (glass is seated in a thermoformed ABS frame), tinted rear door, heated rear screen, integrated spoiler, solid bulkhead window, carpet lining, automatic interior LED light, rear door lock integrated with the car's central lock system, color coded, complete mounting set

The hardtop is equipped with tailgate water protectors, i.e. thermoformed items riveted to the vehicle's body near the rear lamps. The protectors are set with the hardtop rear door seal which ends at the truck bed floor level. In this way, the sides of the vehicle tailgate are sealed.

Art. 1901027

## HEATED GLAZED REAR DOOR (GLASS IS SEATED IN A THERMOFORMED ABS FRAME)

## ROLL COVER

Lockable waterproof aluminium roll cover with black vinyl coating. In addition to the visual effect, vinyl prevents dirt from getting between panels which thus prevents incorrect operation. The roll cover is a convenient way to cover the truck bed. If opened, it enables the transporting of high loads. When opening, the cover retracts in the case located against the front wall of the truck bed. In the closed position, the vehicle's rear door is also locked. Installed with clamps to the truck bed edges.

Roll cover for a vehicle without styling bar.

## MULTIRAMP

A multifunctional access ramp to protect the extended load when the tailgate is open.

System designed for all types of pickups. Three functions in one product:

- truck bed extension,
- access ramp,
- loading ramp.

Max. load capacity 320 kg, light weight (aluminium), easy assembly thanks to the included strap system.

In combination with our **lighting kit (Art.-No. 240016)**, this system meets the requirements of the road traffic regulations. Lamp holder for your multiramp. Connected to the 13-pole electrical kit.

Art. 240015

CHECK THE PRICE AT:

[WWW.ROADRANGER.PL](http://WWW.ROADRANGER.PL)

## FLIPT CARGO SPACE ORGANIZER

Brilliant in its simplicity, the flipt is a truck bed organiser for your pickup. Thanks to the adjustable width, it fits most pickup models. It is an ideal complement to each hardtop. After installation, it divides the truck bed into two parts to prevent the carried load from sliding. The flipt also protects the extended loads when driving with the rear door open. In addition, it can be used as a table or chair. The structure can withstand a maximum load of 100 kg.

The flipt is mounted to the brackets which should be riveted to the left and right-hand side of the truck bed using pre-drilled small holes of 5 mm.

The flipt is made from an oval powder-coated aluminium section. The brackets and fasteners are made of UV-resistant polypropylene.

Product weight: 5 kg

Art. H895-2 (black), H895 (orange)
